Wednesday, SEPTEMBER 19 - Welcome back Faculty and Student Mixer! Games, Film and TV Trivia, Pizza, Prizes and more!

Network with fellow collaborators and artists, learn more about our Faculty, Visiting Artists, and see what’s in store for FLM –TVW this semester!

Wednesday, OCTOBER 1 KRIS LEFCOE - TV WRITING ASK ME ANYTHING - You won’t want to miss this CREATE! Please feel free to bring your burning questions about writing, directing and “the biz”.

Kris Lefcoe is a director and writer whose multi-award-winning films have screened at TIFF, SXSW, Tribeca, British Film Institute, on IFC and the Sundance Channel.

Wednesday, OCTOBER 29 BRENDT BARBUR - Bicycle Film Festival - In 2001 Barbur started the Bicycle Film Festival as a platform to celebrate the bicycle through music, art and, of course, film! Come hear how he turned a negative experience into a positive one.

Brendt Barbur, Founding Festival Director, was compelled to start the Bicycle Film Festival when he was hit by a bus while riding his bike in New York City. He insisted on turning his negative experience into a positive one.

Monday, NOVEMBER 10 TIM O’CONNOR - MOVE THAT CAMERA! - Learn about the power of camera movement and how to create meaning with different camera moves. This is a hands-on camera workshop.

TIM O’CONNOR is a filmmaker and educator. His television work as a director, producer and writer has aired on HBO, Hulu, ABC, ID and Oxygen. His feature film THE UNDISCOVERED COUNTRY was released via NoBudge in 2019 and his award-winning short WE WANTED CHILDREN played festivals across the country in 2022.

SCIENCE+CINEMA

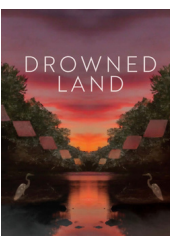

All screenings and talks are in TABLER 110 BLACK BOX THEATRE 5:00-7:30pm
Free Pizza and Soda!

Wednesday, SEPTEMBER 24 Escape from Extinction: Rewilding- American Humane Society’s documentary centers on efforts to save species on the brink of extinction, narrated by Oscar-winner Meryl Streep. Followed by lecture and Q&A by **SBU Professor from Dept of Ecology and Evolution, H. Resit Akcakaya**, whose research focuses on climate change on biodiversity.

Monday, OCTOBER 20 The Silence of the Lambs - directed by Jonathan Demme follows FBI agent Clarice Starling as she tracks down a brutal murderer with the help of a highly-intelligent serial killer. Stay for an exciting lecture and Q&A about forensic science led by **SBU Professor from Dept of Laboratory Sciences, Jeannie Guglielmo**, who worked at the Suffolk County Crime Lab in Hauppauge, NY.

Wednesday, NOVEMBER 5 Drowned Land- this brand new documentary explores the fight of a Native American tribe against resource exploitation carried by the federal government. Lecture and Q&A afterwards moderated by **SBU Professor from Dept of Anthropology, Darcey Evans**, whose research focuses on the politics of environmental justice and indigenous sovereignty in North America.
