**Ahmed Abdullah '26  
DDS Candidate  
Stony Brook School of Medicine**

*As a former student in the Spanish minor, I'm happy to say that my experiences in Spanish classes have made me a more well rounded and educated person. While working in the dental clinic, I have been asked to speak with a patient in Spanish. And the skills of fluency and linguistic navigation I learned from the Department's great professors have been massive. I recently thought, "wow, in clinic, I use my Spanish classes on a day to day basis WAY more than I use my biology classes."*

**Study Abroad at our partner institution,  
The University of Alcalá, Spain!**

**Or, you may choose to explore other  
exciting locations such as:**

- Argentina
- Chile
- Ecuador
- Cuba

**DID YOU KNOW**

**Spanish is the second most  
spoken language in the  
world and it is spoken by  
more than 50 million people  
in the US**
