

GLI Core Courses and Electives Offered in Summer 2023

The 35 courses listed below include all the GLI electives that are being offered by Stony Brook University (on campus, online or abroad [IAP]) in Summer 2023, sorted alphabetically by designator and accompanied by relevant details such as schedule, name of the instructor and prerequisites (whenever they exist). I also added the applicable Global Interaction Areas and Global Issues Tracks listed in square parentheses, shortened as follows:

- [Africa]
- [Asia]
- [Europe]
- [Americas]
- [Middle East]
- [Migration]
- [Sustainability]
- [Cultural Representation]
- [Inequalities]
- [Transnational]

Whenever multiple Global Interaction Areas and Global Issues Tracks are listed, remember that you can avail yourself of only one option.

Please note that classes marked with an asterisk (*) before their designator may be applied to the GLI major or minor as an exception; therefore, you must notify Dr. Fedi for proper processing by the Registrar.

If you believe that another class that you found on SOLAR could be used as an elective for your GLI major or minor, please contact the Undergraduate Program Director, Andrea Fedi (andrea.fedi@stonybrook.edu).

This list was created on Mar. 31, 2023. It was last updated on Apr. 4, 2023.

NB: *all classes may be subject to changes or cancellation until the beginning of each session.*

GLI Courses
