

National Science Foundation Robert Noyce Scholarship Supplement

\$20,000 Scholarship

APPLICATION

Recipients must meet the following criteria:

- ◆ previously awarded Noyce funding
- ◆ be teaching in, or have a teaching position secured for **September 2009** in a high-needs school district

Application requirements:

- ◆ one essay detailing reasons for applying for the award (typed, one page)
- ◆ two letters of recommendation
- ◆ interview of selected applicants

All applicants will be invited for an interview. The interview will require the candidate to:

- ◆ give a short educational seminar
- ◆ detail an action research plan for the two years of the award

Commitment:

My signature below indicates my understanding that, if I am a Noyce Scholarship recipient:

- ◆ I am obligated to teach in a high-needs district for total of at least four years.
- ◆ Stony Brook University has my permission to track my progress through licensure and employment using my social security number.
- ◆ I will maintain regular contact (i.e. at least monthly) with the SB Science or mathematics education program. Attendance at a number of methods classes will be required over the course of the award period.
- ◆ I will act as a cooperating teacher for pre-service science or mathematics education student field experiences.
- ◆ I will engage in action research projects in the high needs school and attend the Noyce summer workshop each year.
- ◆ I will attend conferences and make presentations and/or write articles for publication.
- ◆ I will sign a promissory note stating my intention to uphold these commitments or repay the funds received through this scholarship program.
